| Cat No.:      | 03-01-2087                                                                                                                                                                                                                                                                                                                                                                   |
| Product Name: | Monkey CD318                                                                                                                                                                                                                                                                                                                                                                 |
| Description:  | May be involved in cell adhesion and cell matrix association.<br>May play a role in the regulation of anchorage versus migration or proliferation versus differentiation via its phosphorylation. May be a novel marker for leukemia diagnosis and for immature hematopoietic stem cell subsets. Belongs to the tetraspanin web involved in tumor progression and metastasis |
| Type:         | Protein                                                                                                                                                                                                                                                                                                                                                                      |
| Property:     | Recombinant Protein                                                                                                                                                                                                                                                                                                                                                          |
