

## anti-gp120

|               |                                                                     |
|---------------|---------------------------------------------------------------------|
| Cat No.:      | 01-01-3190                                                          |
| Product Name: | anti-gp120                                                          |
| Description:  | anti-gp120                                                          |
| Type:         | Antibody                                                            |
| Property:     | IgG2a                                                               |
| Source:       | Mouse                                                               |
| Applications: | WB ,ELISA ,IP ,IF                                                   |
| Immunogen:    | Recombinant gp120(Con_A2/2006) protein (a.a. 34-518)(IT-001-ConA2p) |
| Specificity:  | Pan                                                                 |
| Purity:       | >95%                                                                |
| Storage:      | Store at -20°C ,Avoid freeze / thaw cycle.                          |
| Limitation:   | For research use only ,not for use in diagnostic procedures.        |
