HA1(H3N2v)(A/Indiana/07/2012)

Cat No.:	01-02-0477
Product Name:	HA1(H3N2v)(A/Indiana/07/2012)
Description:	HA1(H3N2v)(A/Indiana/07/2012)
Type:	Recombinant Protein
Property:	C-terminal 6xHis tagged HA1(H3N2v) (A/Indiana/07/2012)(a.a.13-342)(Genebank Accession No. ACN98096) ,which is a strain recently transmitted to human.
Source:	HEK293
Genbank No.:	ACN98096
Applications:	WB standard, antibody ELISA, immunogen, etc
Formulation:	Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Purity:	>95%
Storage:	Store at -80°C, Avoid freeze / thaw cycle.
Limitation:	For research use only, not for use in diagnostic procedures.
