

Cat No.: 01-02-0508

Type: Recombinant Protein

Property: Genebank No. AAC32099 a.a.17-532

Source: HEK293

Genbank No.: AAC32099

Applications: WB standard, antibody ELISA, immunogen

Formulation: Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).

Purity: >95%

Storage: Store at -80°C, Avoid freeze / thaw cycle.

Limitation: For research use only, not for use in diagnostic procedures.
