

Cat No.: 01-02-0547

Type: Recombinant Protein

Property: C-terminal 6xHis tagged
HA1(A/chicken/Egypt/S3280D/2011) (H5N1) protein (a.a.
18-344) (see amino acid sequence below)

Source: HEK293

Applications: WB standard, antibody ELISA, immunogen

Formulation: Each vial contains 100 ug purified protein(1mg/ml) in
PBS(pH7.4).

Purity: >95%

Storage: Store at -80°C, Avoid freeze / thaw cycle.

Limitation: For research use only, not for use in diagnostic procedures.
