

Cat No.: 01-02-0708
Type: Recombinant Protein
Source: HEK293
Genbank No.: ABB88132
Applications: WB standard, antibody ELISA, immunogen
Formulation: Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Purity: >95%
Storage: Store at -80°C, Avoid freeze / thaw cycle.
Limitation: For research use only, not for use in diagnostic procedures.
