NP (NiV)

Cat No.:	01-07-0030
Product Name:	NP (NiV)
Description:	NP (NiV)
Type:	Protein
Property:	Purified recombinant protein
Source:	Recombinant protein expressed and purified from E.coli
Genbank No.:	Q9IK92
Applications:	WB standard, Ab ELISA, immunogen, etc.
Formulation:	Each vial contains 100 µg of purified protein (1 mg/ml) in 0.1 Tris (pH8)+0.4M Arginine
Purity:	>95%
Protein:	Recombinant Nipah henipavirus Nucleocapsid protein (a.a. 1-532) (GenBank#: Q9IK92).
Storage:	For short term, store at 4oC, stable for 1 month. For long term storage, aliquot and freeze at -80 °C. Non-hazardous. No MSDS required.
Limitation:	For research use only, not for use in diagnostic procedures.
