Detection Kit for H7N9 Hemagglutinin Specific Human IgG/IgM (

Cat No.:	07-02-0130
Product Name:	Antibody Detection Kit for H7N9 Hemagglutinin Specific Human IgG/IgM (ELISA)
Description:	Antibody Detection Kit for H7N9 Hemagglutinin Specific Human IgG/IgM (ELISA)
Type:	ELISA Kit
Property:	ELISA Kit
Applications:	Antibody Detection Kit for Influenza virus H7N9 Hemagglutinin (HA) specific human IgG/IgM is developed for qualitative analysis of anti-H7N9 IgG/IgM concentrations in human serum.
Storage:	Store at -20°C,Avoid freeze / thaw cycle.
Limitation:	For research use only,not for use in diagnostic procedures.
